

# A PLACE IN THE GARDEN

## SPEC SHEETS - EMPIRE PLANTERS

An elegantly tapered planter with a raised panel on all four sides and a splayed base. The design is reminiscent of the art deco movement and looks stunning in any setting. The Empire Planters make a wonderful addition to any garden and can be used for many different purposes, such as defining an entrance, lining a walkway or accenting a courtyard. This planter will develop a beautiful aged patina over time, giving them an antique classic look. The planters will arrive in a weathered zinc finish, but over time they will lighten due to the natural oxidisation process. These planters also come with a drainage hole, complete with a rubber bung, which gives you the option to use the planter both inside or out in the garden.
